Recurring Section 7

Aniruth – 5 PM

Announcements

- There is a new location to find links/materials: https://aniruthn.com/teaching/su21-cs61bl
  - This is also linked on the course website under resources – where you can also find other TA/tutor resources!
- Today we are reviewing last time's extra problem on asymptotics during the first 10 minutes (we may not finish, the worksheet for the rest of the time is rather long).
  - There was a question about tree recursion, but we'll be going over that indirectly.
  - Trees are very important; they will be heavily emphasized in upcoming labs/worksheets/other activities.

Content Review

Asymptotics Problems from Section 6

- Link: https://cs61bl.org/su21/worksheets/recurring6.pdf
  - A complete annotated pdf will be uploaded shortly.
